

(A) The contractor fails to appeal to the contracting agency within 60 days from the date of the withholding of funds;

(B) The department agency, following the contractor's appeals, issues a final order which affirms the assessment of liquidated damages or waives damages of \$500 or less; or

(C) The Secretary of Labor takes final action on a recommendation of the agency head to waive or adjust liquidated damages in excess of \$500.

(ii) Upon final administrative determination of the contractor's liability for liquidated damages, the contracting officer shall transmit withheld or collected funds determined to be owed the Government as liquidated damages to the servicing finance and accounting officer for crediting to the appropriate Government Treasury account. The contracting officer shall return any excess withheld funds to the contractor.

Subpart 222.4—Labor Standards for Contracts Involving Construction

222.402 Applicability.

222.402-70 Installation support contracts.

(a) Apply both the Service Contract Act (SCA) and the Davis-Bacon Act (DBA) to installation support contracts if—

(1) The contract is principally for services but also requires a substantial and segregable amount of construction, alteration, renovation, painting, or repair work; and

(2) The aggregate dollar value of such construction work exceeds or is expected to exceed \$2,000.

(b) SCA coverage under the contract. Contract installation support requirements, such as plant operation and installation services (i.e., custodial, snow removal, etc.) are subject to the SCA. Apply SCA clauses and minimum wage and fringe benefit requirements to all contract service calls or orders for such maintenance and support work.

(c) DBA coverage under the contract. Contract construction, alteration, renovation, painting, and repair requirements (i.e., roof shingling, building

structural repair, paving repairs, etc.) are subject to the DBA. Apply DBA clauses and minimum wage requirements to all contract service calls or orders for construction, alteration, renovation, painting, or repairs to buildings or other works.

(d) Repairs versus maintenance. Some contract work may be characterized as either DBA painting/repairs or SCA maintenance. For example, replacing broken windows, spot painting, or minor patching of a wall could be covered by either the DBA or the SCA. In those instances where a contract service call or order requires construction trade skills (i.e., carpenter, plumber, painter, etc.), but it is unclear whether the work required is SCA maintenance or DBA painting/repairs, apply the following rules—

(1) Individual service calls or orders which will require a total of 32 or more work-hours to perform shall be considered to be repair work subject to the DBA.

(2) Individual service calls or orders which will require less than 32 work-hours to perform shall be considered to be maintenance subject to the SCA.

(3) Painting work of 200 square feet or more to be performed under an individual service call or order shall be considered to be subject to the DBA regardless of the total work-hours required.

(e) The determination of labor standards application shall be made at the time the solicitation is prepared in those cases where requirements can be identified. Otherwise, the determination shall be made at the time the service call or order is placed against the contract. The service call or order shall identify the labor standards law and contract wage determination which will apply to the work required.

(f) Contracting officers may not avoid application of the DBA by splitting individual tasks between orders or contracts.

222.403 Statutory and regulatory requirements.

222.403-4 Department of Labor regulations.

Direct all questions regarding Department of Labor regulations to the labor advisor.
